OBJECTIVE

Dedicated and proactive **MEARN Stack Intern** with a strong foundation in **MongoDB, Express.js, React, and Node.js**. Passionate about building dynamic and scalable web applications, optimizing performance, and learning new technologies. Skilled in front-end and backend development, API integration, and database management.

EDUCATION

Bachelor of Computer Science , APJ Abdul Kalam technological University	2020-2024
Higher Secondary Education, Kerala State Board	2018-2020

EXPERIENCE

Intern Luminar Technolab	Aug 2024 - Feb 2025 Ernakulam, Kerala
------------------------------------	--

- Developed and optimized **responsive full-stack web applications** using **MongoDB, Express.js, React.js, and Node.js**.
- Built and integrated **RESTful APIs** to enhance data flow between the frontend and backend.

PROJECTS

Real-time Deepfake Detection System. **Technologies:** Python, Deep Learning, TensorFlow/Keras, OpenCV, CNN, Django. Developed a **real-time deepfake detection system** leveraging **deep learning models** to identify manipulated facial videos with high accuracy.

Clone of Apple Website. Developed a clone of the **Apple website** using **HTML and CSS**. Implemented **responsive design techniques** to ensure seamless adaptability. Utilized **CSS Flexbox and Grid** for an efficient, structured, and visually appealing layout. Website's Netlify link: <https://clone-web-22.netlify.app/>

A Static Webpage. Designed and developed a **static website** using **HTML and CSS**, ensuring a clean and structured layout. Used **CSS styling, Flexbox, and Grid** to create an attractive and user-friendly interface. Website Link: <https://assignment2-teal-one.vercel.app/>

Healtify – Developed a full-stack health and fitness platform that delivers **personalized diet and workout recommendations** aligned with user goals and medical conditions. Implemented an **interactive React & React Bootstrap frontend**, and a **secure Express.js + MongoDB backend** for efficient data management and a responsive, user-friendly experience.

CERTIFICATES

- Certificate of Cyber Security Internship** – Torc Infotech
- English Communication Certificate** – *British Council*
- Certificate of Internship in MEARN Stack** - Luminar Technolab
